

Health Suite 110

Direct Primary Care

Welcome! We are so excited to welcome you to a different kind of healthcare. At Health Suite 110, it is our goal to help keep your employees healthy and happy and to save you money with old-fashioned, simplified medical care. *We do this by removing the middleman.* Insurance companies, big-box pharmacies, benefit managers, coders - we have none of that. We provide personalized, affordable, cost-transparent primary care that saves people money.

Signing up is easy! We ask you (the employer) to return page 2 of this packet to us. Once your account is set up, we will provide a **custom link to share with your employees** to allow them to enroll directly online.

Billing: We bill monthly, quarterly, semi-annually or annually. It's up to you. You have the option to pay 0-100% of the membership, labs, imaging, medications and procedures. Most employers choose to pay the full monthly fee on behalf of their employees and leave any incidental charges (medications, labs, imaging, procedures) up to the employee.

You will receive an email invoice on the first business day of each month and the account will be **automatically charged on the 15th of each month**. Please notify Health Suite 110 with any roster changes BEFORE your account is charged on the 15th as refunds are not possible after billing has been processed. Individual enrollment fees are waived for all employees, however a ONE-TIME company enrollment fee of \$250 will be applied to your account upon setup. And as a thank you, **we offer a \$250 credit for every new business that enrolls thanks to your referral.**

Adult employee rate (ages 18+):	\$70/month
Children of enrolled employee (ages 0-17):	\$30/month
Employee enrollment fee:	FREE
Company referral credit:	\$250 credit - <i>we appreciate your referrals!</i>

We contract directly with our patients/your employees and are happy to provide a copy of our Patient Agreement upon request.

We're not insurance; we're healthCARE. When an unplanned catastrophe happens - cancer, trauma, heart attack- it is extremely important to have a plan. Direct primary care and Health Suite 110 are not insurance. We highly recommend, when possible, that all of our patients maintain some type of coverage for unpredictable or catastrophic health events. We're happy to direct you to an advisor who can help navigate these options, if needed.

Concerns or special requests: Please call us or email Dr. Vannaman directly at drvannaman@healthsuite110.com with any concerns, questions or special requests. We like to think creatively about health care to meet the needs of our customers and can do things like educational events, blood pressure screenings or on-site flu shot clinics if desired.

Cancellation: If for whatever reason you or one of your employees desires to no longer be a member or if an employee leaves your business, please notify us and we will cancel the membership(s). Employees have the option of continuing with us at their own expense. We maintain the right to terminate patients consistent with the regulations of the AMA Code of Ethics. If an employee is terminated from our practice, we will cease billing you for their care.
